## See and hear the history and status of the Lutheran Church in Russia

On Sunday, June 5, Faith Evangelical Lutheran Church will have a guest speaker at Bible Study between church services. Mr. Gerry Wiley will talk about the effort to save the Seminary in Siberia. The presentation promises to be an engaging description of the rebuilding of the Lutheran Church in Russia following the destruction of the Church under the communist Soviet Union. The presentation will highlight the establishment of a Russian Lutheran Seminary, the training of new pastors to replace those killed and exiled by the atheist Marxist government, and the robust evangelism and thorough catechetical efforts of the young Russian Lutherans in the post-

Soviet era. The presentation will also describe alarming parallels between how the communist revolution systematically destroyed the Russian political, social, economic, moral, and religious culture replacing it with the atheistic soviet socialism and similar efforts to destroy American culture today.
